## 5 Optional delayed registration of approved transfer

For absolute (permanent) transfers, the transferor may request a *delayed registration* transfer. This allows parties a period of two months from the approval date to arrange financial settlement prior to finalising the transfer. Within that two month window, a separate application must be submitted requesting that registration of the transfer on The Water Register take place. Should the application to register the transfer not be received within a period of two months, DEW will not register the transfer and the application will lapse.

☐ If approved, please delay registration of this transfer on The Water Register

**NOTE:** By ticking this box you acknowledge that the transfer will NOT be registered on The Water Register following approval of the transfer. To register this transfer, an application to register an approved transfer of a Water Licence or Water Access Entitlement on The Water Register must be submitted by the transferor (seller) within two months of the approval date.

**NOTE:** If this box is not ticked, registration of this transfer on The Water Register (if approved) will occur immediately subsequent to approval.

**NOTE:** This option is applicable to absolute (permanent) transfers only.
